Finally, banks often fail to set up transformation programs with scaling in mind. In complex organizations it is easy for change efforts to get stuck in the depths of business silos, even when the objective is to create a cross-functional platform for tracking customer preferences and improving outcomes.

Transforming a customer experience in banking | McKinsey

Bart Schlatmann: We have been on a transformation journey for around ten years now, but there can be no let up. Transformation is not just moving an organization from A to B, because once you hit B, you need to move to C, and when you arrive at C, you probably have to start thinking about D.
