Travel is the movement of people between distant geographical locations. Travel can be done by foot, bicycle, automobile, train, boat, bus, airplane, ship or other means, with or without luggage, and can be one way or round trip. Travel can also include relatively short stays between successive movements.

The End of Eternity is a 1955 science fiction novel by American writer Isaac Asimov, with mystery and thriller elements on the subjects of time travel and social engineering. Its premise is that of a causal loop – a type of temporal paradox in which events and their causes form a loop. In The End of Eternity, members of the time-changing organization Eternity seek to ensure that their own ...
